### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 16 renumbered 1 and 6 among other things teach the limitation "a push type scanner with an address specifying means for specifying a destination address designating a destination for transmitting the image data through a network, the scanner having a user data memory that registers user data of the data processing apparatus having the personal address book data; an address book data obtaining means for obtaining personal address book data from one of the data processing apparatuses by referring to the user data memory and a general memory for temporarily storing obtained personal address book data upon authentication" in a computer network environment.

The prior art does not teach the cited limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
